RAP WARS

The following details are for each face-off between rappers. There are 6 people coming in. So we shall be having two rounds. Three people go through Round One. The second round is a three-way face off which will decide the winner.

RULES

FACE-OFF ROUND 1: SHOWCASE PERFORMANCES

- Each rapper will get a minute to showcase a pre-prepared rap performance. He/she has to bring his/her own beats for it. The performance would not be judged. The purpose is to:
 1. To give him/her a chance to draw support of the crowd.
 2. To allow other battlers to know him which will help them diss him in battles.
 3. To allow organisers to decide whom to pit against whom in the battles.
- One minute per rapper and if need be more time based upon good support from the crowd and availability of time.

FACE-OFF ROUND 2: RAP BATTLES

- In the first chance, he/she will go acapella i.e. there would be no beats to support him. He/she can diss his opponents or he/she can simply rap on something he/she has come prepared with. The person who disses will have an edge.
- In the second chance, there would be beats played by DJ. That would be the only difference in the second chance.
- One minute is given in each chance. Makes it two minutes per battler.

NOTE

1. Trash-talk means demeaning the person in front of you by using your rapping skills with the help of puns, double entendres, paranomasia, quips, rhetorical devices, witticism etc and not by profanity or use of vulgar language.

2. Negative marks will be given for excessive vulgarity.

3. Judging will be done on the basis of your ability to diss the other participant, the impromptu elements you use in your rap (highly encouraged), Poetic elements (like imagery, puns, metaphor etc), Body language (hand movements, showmanship, confidence etc) and delivery (word-play, rhetorical devices, cacophony, sarcasm etc) and Involvement with the audience etc.
